Surgent CISA Review

Why more candidates are choosing Surgent CISA Review

What does CISA mean?

Surgent CISA Review is the only truly adaptive Certified Information Systems Auditor exam prep course on the market. Our award-winning software creates a fully customized study plan for each candidate, addressing weaker areas of comprehension, ultimately reducing study time by 70%. We also offer additional resources, including CE for CISAs.

What makes Surgent the best CISA Review course?

Surgent CISA Review is unlike any other exam review on the market. While other courses have you watch every video, read every chapter, and do every MCQ; we prevent you from studying material you already know.

. A.S.A.P. Technology™, Surgent's proprietary, award-winning adaptive learning platform, finds your knowledge gaps and customizes your study plan to match. Ours is the only course that continues to adapt as you study, saving you time and preparing you better.

All along, our ReadySCORE™ feature will show you exactly how exam-ready you are in real time, incorporating exam content weightings and a smart algorithm.

The Surgent Method

Assessment

Complete a series of quizzes with content from all exam categories. You'll receive a Diagnostic Report, which details your strengths and weaknesses and estimates how many study hours you need to get exam-ready!

Review

Practice exams are designed to match the actual exam and ensure candidates are ready for the exam day. Thanks to ReadySCORE, users know exactly when they are ready to pass the exam.

Study

Our software continuously analyzes your scoring patterns and builds a customized study plan, focusing on the specific content that candidates need to turn their weak areas into strengths.

What makes Surgent the best CISA Review course?

SURGENT'S Stand-out Features Include:

A.S.A.P. Technology™

Our AI-powered personalized learning software assesses your knowledge of CISA Exam content and generates personalized learning plans to get you ready to pass. Plus, it optimizes in real-time to ensure you stay on your fastest path to exam readiness.

ReadySCORE™

This award-winning feature takes the guess work out of exam readiness, by telling you—with 98% accuracy—what you'd score on the CISA Exam at that point of your studies.

Superior Study Material – Just When You Need It

Our A.S.A.P. Technology™ will guide you to the specific study materials you need at just the right time based on your customized study plan, selecting from our +2,500 MCQs .

Detailed Performance Reports

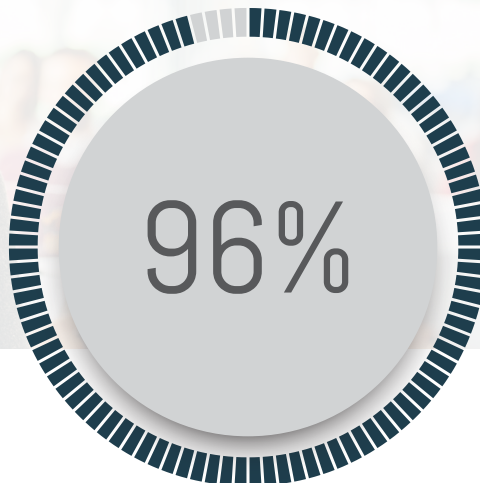

Thanks to our Progress Report and continually updated dashboard, you'll know how you're doing every step of your studies, from your initial Assessment, all the way through exam day!

Free Content Updates

With Surgent, you can study confidently knowing that your study material is always up-to-date. We provide all content updates automatically and at no charge.

Pass or Money-Back Guarantee

Our software continuously analyzes your scoring patterns and builds a customized study plan, focusing on the specific content that candidates need to turn their weak areas into strengths.

Fulfill the CISA Education Requirements

The work experience requirement to become a CISA is 5 years of work in professional information systems auditing ,control ,or security .However ,ISACA has several potential substitutions for up to two of those years ,if candidates have taken courses, taught courses, or received bachelor's or master's degrees that include relevant information. Candidates are allowed to sit for the CISA Exam prior to having the required five years of work experience – they simply cannot get certified until such a time that they complete the work experience requirement.

Substitutions and waivers may be obtained to a maximum of 3 years as follows:

- ✓ A maximum of 1-year of information systems experience OR 1-year of non-IS auditing experience can be substituted for 1-year of experience.
- ✓ 60 to 120 completed university semester credit hours (the equivalent of a 2-year or 4-year degree) not limited by the 10-year preceding restriction, can be substituted for 1 or 2-years, respectively, of experience.
- ✓ A master's degree in information security or information technology from an accredited university can be substituted for 1-year of experience.
- ✓ The experience substitutions will not satisfy any portion of the 2-year information systems audit work experience requirement.

Register for the Exam Section

Eligibility is established at the time of exam registration and is good for twelve(12)months(365 days). Exam registration and payment are required before you can schedule and take an exam . You will forfeit your fees if you do not schedule and take the exam during your12-month eligibility period .No eligibility deferrals or extensions are allowed.

We typically recommend that you review the curriculum of CISA Exam.

CISA is just one exam (four-hour-long exam) with 150 multiple choice questions – but it's split into 5 sections.

- ✓ Information System Auditing Process (21%).
- ✓ Governance and Management of IT (17%).
- ✓ information Systems Acquisition, Development, and Implementation (12%).
- ✓ Information Systems Operations and Business Resilience (23%).
- ✓ Protection of Information Assets (27%).
