Surgent CMA Review

Why more candidates are choosing Surgent CMA Review

What does CMA mean?

Certified Management Accountant (CMA) is an accounting certification issued by the Institute of Management Accountants (IMA). It signifies expertise in financial accounting, strategic management and professional expansion and qualifies you for a variety of leadership roles ranging from financial controller to chief financial officer (CFO) further to increasing earning potentials. The demand for CMA holders is increasing globally due to updates and ever-escalating quality requirements of large corporates in terms of professional qualifications and specific knowledge in technicalities of the industry.

What makes Surgent the best CMA Review course?

Surgent CMA Review is unlike any other exam review in the market; for having A.S.A.P. Technology™, Surgent's proprietary award-winning adaptive learning platform, determines what you know (and don't know) and customizes your study plan to match. Ours is the only course that continues to adapt as you study, saving you a significant amount of study time, while preparing you better. All along, you'll see exactly how exam-ready you are, thanks to our unique ReadySCORE™ feature, which uses real CMA Exam content weightings and a smart algorithm to show you just how ready you are to pass!

The Surgent Method

Assessment

Complete a series of quizzes with content from all exam categories. You'll receive a Diagnostic Report, which details your strengths and weaknesses and estimates how many study hours you need to get exam-ready!

Review

Practice exams are designed to match the actual exam and ensure candidates are ready for the exam day. Thanks to ReadySCORE, users know exactly when they are ready to pass the exam.

Study.

Our software continuously analyzes your scoring patterns and builds a custom study plan, focusing you on the specific content you need to turn your weak areas into strengths. Real-time algorithms optimize your plan along the way, ensuring you're staying on your fastest path to success.

Financial Planning, Performance, and Analytics Part.

Strategic Financial Management.

Once your membership and request to join the CMA Program have been approved, it's then time to decide which of the two exam sections you want to sit for first. While passing the exam requires you to successfully complete both sections, there's no required order that you must take them in. We typically recommend that you review the curriculum of each section and sit for the one that most closely aligns with your existing knowledge and experience. (The amount of time to complete both parts is 3 years).
